Cathy - All the comment letters on the State Lands Commission's EIR are in now. They all without exception focus on the argument that OCWD doesn't need the water.

You'll remember that Controller Betty Yee said "show me that OCWD needs the water" and you have my vote. I'm working with John Kennedy on a letter but we're going to need more engagement from OCWD. 

I think that it may be valuable to have you invite her to tour GWRS while she's in town for the October project hearing. Maybe a day or two before our hearing you can tour her around OCWD, explain the expansion of GWRS and why the desal plant is still needed.

What do you think of that idea?

Scott Maloni

Yes. I saw. Not happy. They went out of their way to be harmful. Let's talk next week. We're really going to need OCWD to put in a big push for the "need" for the project.

Good evening,

Attached is a comment letter submitted on behalf of IRWD at 4:54 p.m. today to the California State Lands Commission regarding the Draft Supplemental EIR for the Seawater Desalination Project at Huntington Beach: Outfall/Intake Modifications and General Lease. Please do not hesitate to call or email me if you have any questions regarding the attached letter.

Sincerely,

Mary Lynn K. Coffee
