Not you, you want the staff out in the community Golding meetings. The pretext is that there a lot of misinformation about the distribution system and options.

Who knows. They make it up. But it's why your OCWD staff needs to get out into the community with an aggressive communications program. You're up for re-election. You should tell mike you want three OCWD public communications events in your district before the nov election.

He told me that HB, Newport Beach and Mesa were going to form another Water District. I said no just like we do now we ask them not to pump out to protect against salt water intrusion and instead pump imported water but when desalinated water comes online they would instead get that water and inland pampers pump more and we work out the price so it is fair to all, while protecting the basin.

I know. I tried to correct him but he's so stubborn. He wouldn't listen. He actually told me that the sanitation district and OCWD are working on an expansion of GWRS for another 60 MGD. I tried to correct him.

meet and greet for my me please email me at hbclm@yahoo.com.

When I ran for HB City Council in 1988 I did it all myself, and lost. If I had won HB might look a little different today. So I know I need help to get elected, so I am asking for your assistance.

Thank You,
Clem Dominguez
