**Subject:** FW:

Scott

I'll talk with Mike and Eleanor about this **but we may need the cover of the Ad Hoc Desal committee approving such**. They will be meeting in August some time.

John Kennedy

Executive Director of Engineering and Water Resources

Orange County Water District

**Subject:**

John – Attached is a compilation of letters that OCWD has submitted to various local and state agencies over the years that address the District's interest in the project. In the interest of transparency, would OCWD staff be willing to post these letter to the desalination page of your website? I think it would be helpful in informing the public about the very thorough due diligence process you have conducted over the past decade since the District first signed a letter of intent to purchase water in 2010.

If you agree I can have my staff work with your staff to transmit and post individual copies of the letters on your site.

**Scott Maloni**

*Vice President*
