Ok. My take away from the MWD meeting is the OCWD distribution determination and permitting is now driving our schedule. It would be good to move the process along.

It went well. Not as crazy as the past meeting. The overall plan is to have a few workshops this spring to determine the best distribution plan.

Scott and Andy

You may already know but the ad-hoc desal committee wants to have a Poseidon Distribution Options Workshop at our February 3<sup>rd</sup> Board meeting. Staff will show/discuss some of the distribution options that we have been looking at over the past 6 months. We will be putting out an email blast to everyone in a day or so. More to come.
